

Developing the Fosse Villages and Fosse
Common Concept through stakeholder and
public engagement

THE FOSSE VILLAGE CONCEPT

- Providing separation of villages....
- A large publicly accessible greenspace
- Forming the 'social glue' between the old and new villages.
- Potential for 3 new members of the Fosse family.
- Use the Fosse Villages Neighbourhood Plan and our previous work to establish and underline the identity of the place.
- Use of the Fosse Identity and naming of the villages will require community inputs and 'buy-in'.

THE FOSSE COMMON CONCEPT

- Define the extent of built form to protect 'The Common' forever,
- To maintain separation between villages,
- To protect key views,
- To deliver usable public open space

FOSSE COMMON: PRIMARY FUNCTIONS

The Meadows

Sports Hub

Central Park

Secondary School

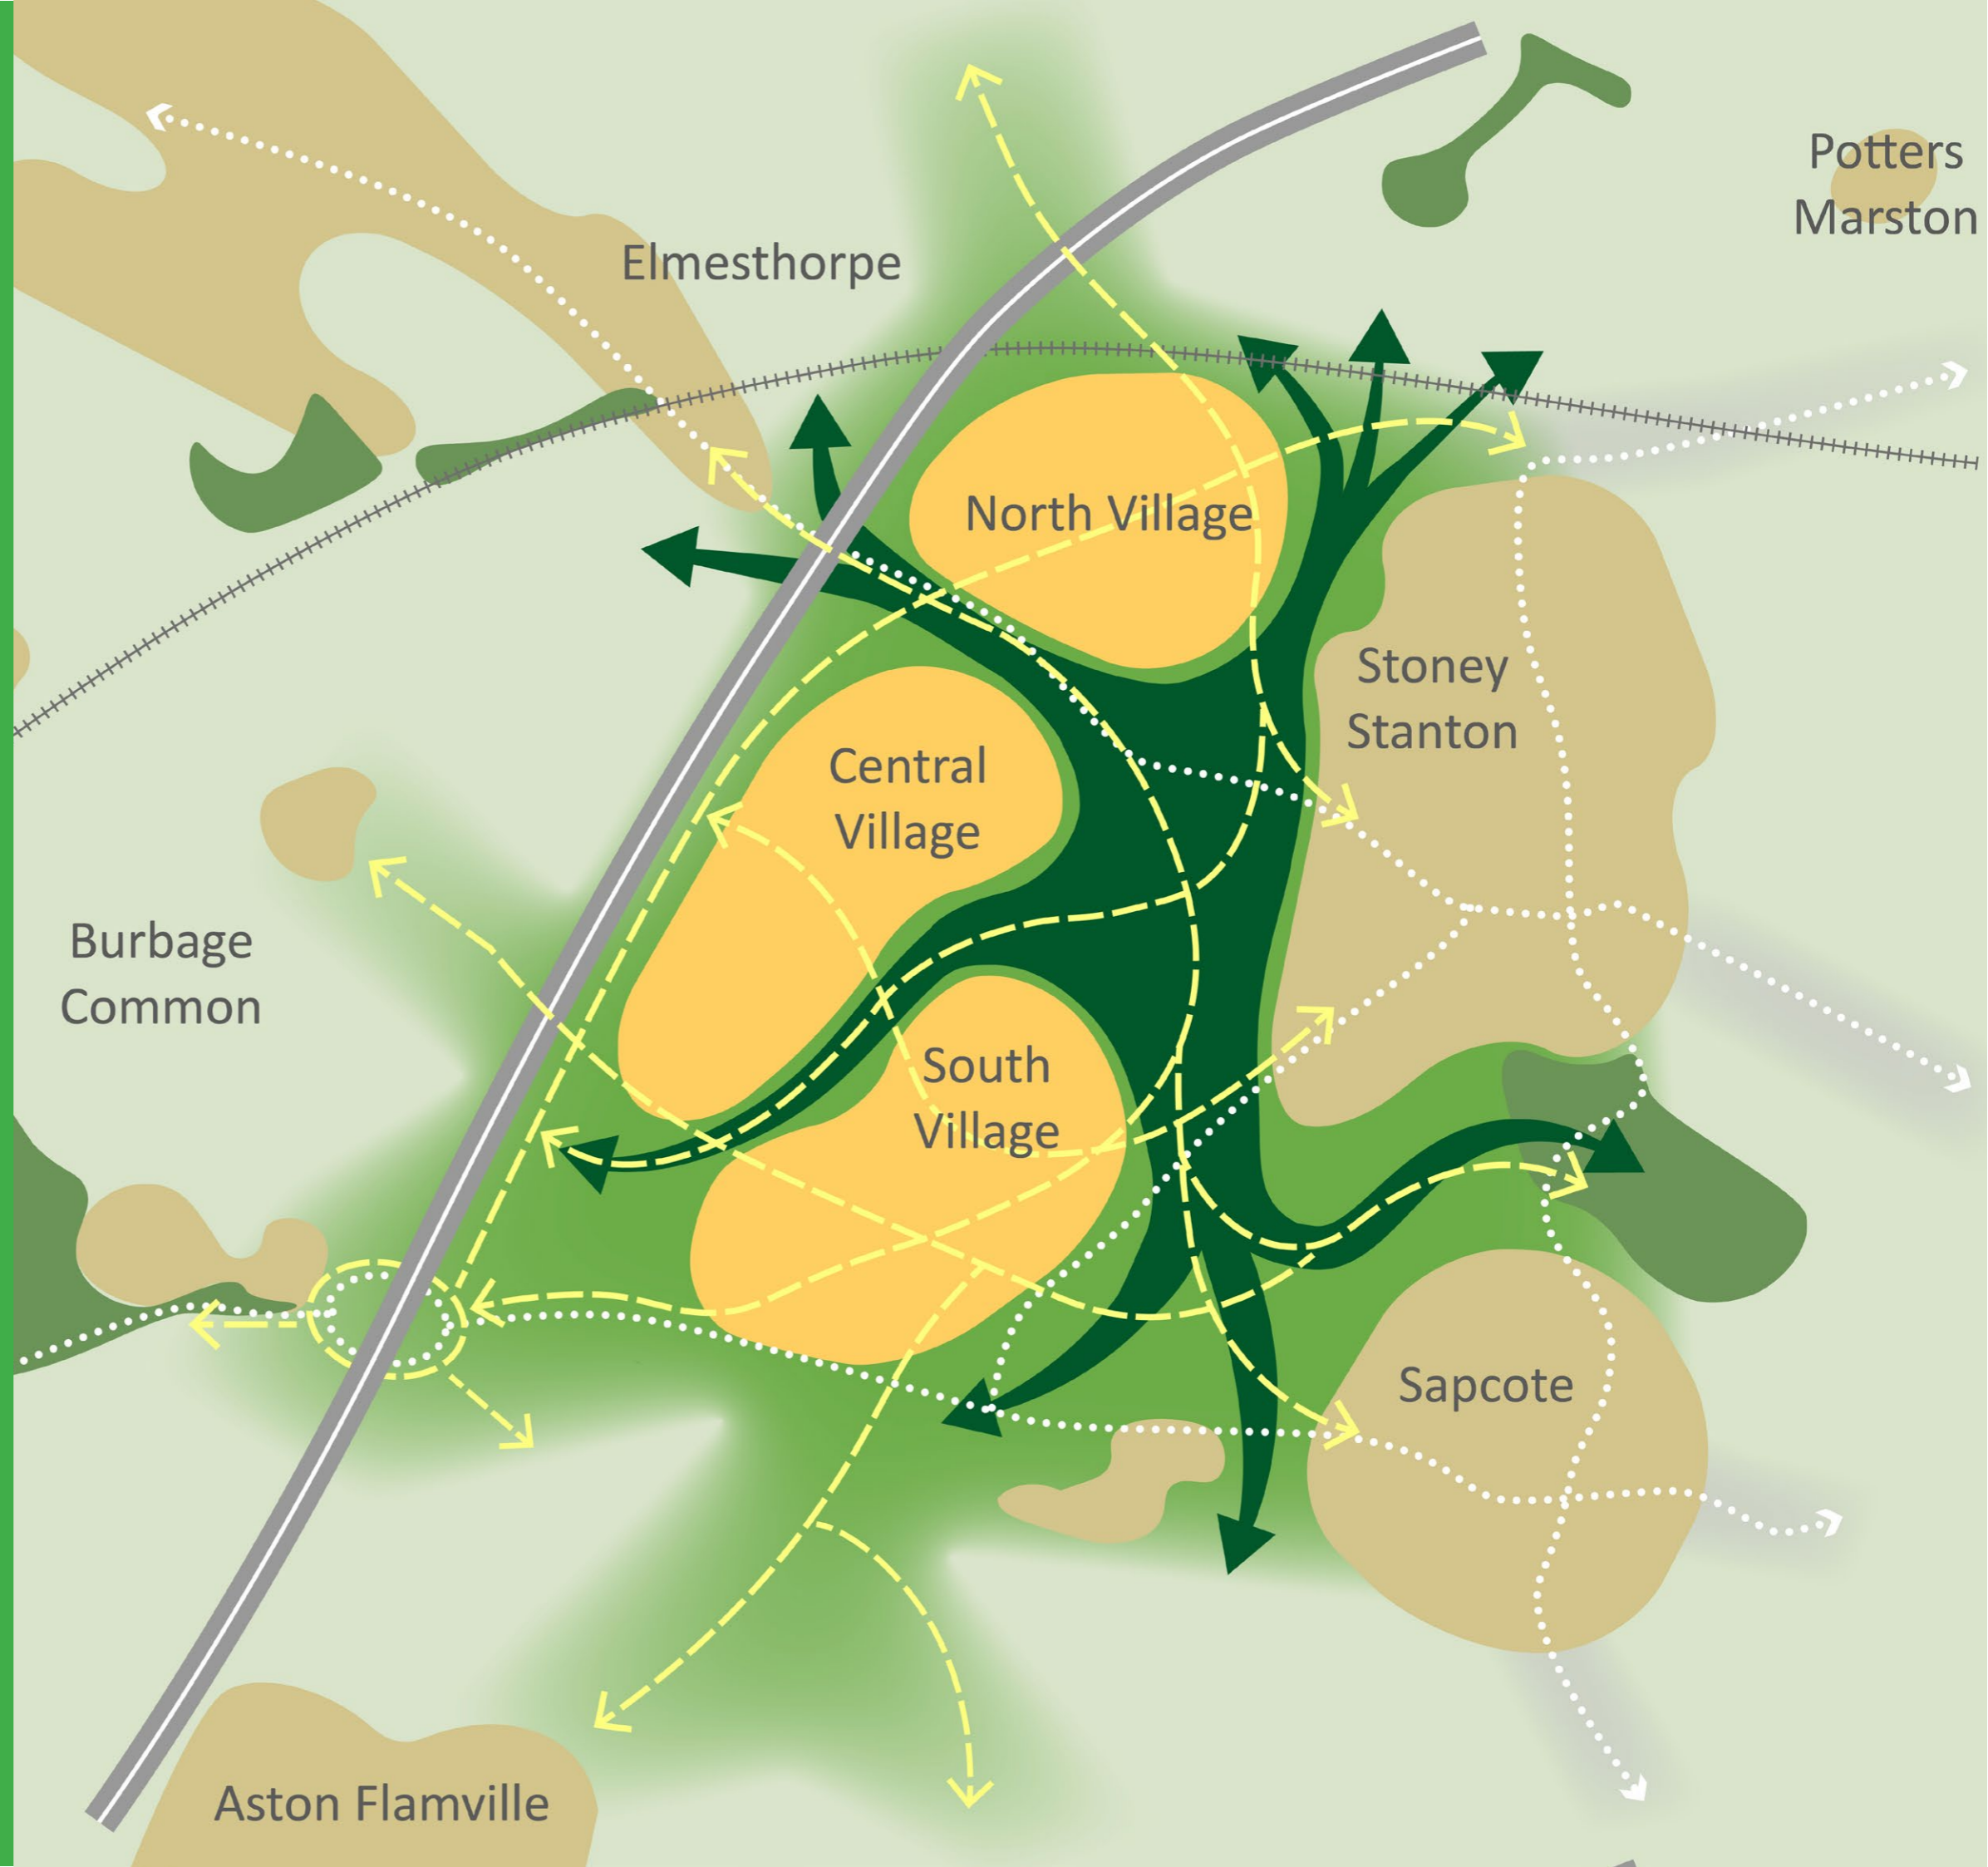

CREATING CONNECTIVITY

- Promoting active travel through the creation of 'greenways'

 EXISTING HIGHWAY NETWORK

 STRATEGIC FOOTPATH AND CYCLE WAYS NETWORK

CREATING SOCIAL COHESION

- Building 'Fosse Community' spirit.
- All 'key' community facilities within a 10-minutes walk for new residents
- All 'key' community facilities within a 20-minutes walk for existing village residents
